Languages: C++, Java, JavaScript, HTML, CSS, SQL, PL/SQL

Web Development: React JS, Next JS, Spring Boot, Node JS, Express JS, REST APIs, MySQL

Mobile Development: React Native, Firebase

Other Tools/ Platforms: Git, GitHub, Linux, Google Cloud Platform, Firebase, Vercel, Render

PROJECTS

Catering Service Full Stack App Next JS, Node JS, Express JS, Vercel, MySQL, Git, REST API, Render

- Designed a scalable full-stack platform for booking 10000+ caterers, halls, and services.
- Integrated secure authentication, food tasting, seamless bookings, reviews, and a dashboard for management.
- Engineered a robust web platform ensuring 99.9% uptime and handling 10K+ daily user requests efficiently.
- Github** : https://github.com/Shivam1357/CaterSphere_Frontend , **Link** : <https://catersphere.shivamjaiswal.in/>

Crop AI React Native, Firebase, Gemini, News API, Google OAuth

- Deployed an AI-powered crop diagnosis app with 95%+ image analysis accuracy for detecting plant diseases.
- Integrated smart chatbot, adaptive to-do planner, and 24/7 agricultural news feed used by 1,000+ farmers.
- Developed with React Native, Firebase, and Gemini AI, achieving sub-200ms response times and seamless mobile UX.
- Github** : https://github.com/Shivam1357/Crop_AI

Cloud Drive Web App React JS, Firebase, Firestore

- Customized a secure cloud storage platform with remote access, supporting 100+ free users.
- Optimized data management, ensuring fast uploads/downloads with speeds up to 10MB/s.
- Crafted a responsive UI, improving user engagement and reducing task completion time by 30%.
- Github** : https://github.com/Shivam1357/Cloud_Drive_Clone , **Link** : <http://sjdev.pythonanywhere.com>

Portfolio Website Next.js, React.js, Vercel, Tailwind CSS, Git

- Built a responsive portfolio using Next.js and React.js to showcase skills, projects, and education.
- Integrated animations and visuals to boost engagement and session time by 35%.
- Attracted 5,000+ monthly visitors with a clean and fast UI.
- Link** : <https://www.shivamjaiswal.in/>

WORK EXPERIENCE

Algozenieth CHAPTER SRMCEM Technical Team Member

- Organized 2+ coding events, mentoring 20+ juniors on programming concepts and algorithmic techniques.
- Provided real-time support during coding sessions, improving participants' debugging efficiency by 30%.
- Collaborated with 10+ peers and seniors, exchanging technical knowledge and enhancing teamwork skills through workshops and club activities.

ACHIEVEMENTS

Code-a-thon Certificate: <https://www.shivamjaiswal.in/certificates/code-a-thon.jpeg>

- Secured 1st place in a technical event at Ganavya'24, SRMCEM's annual tech fest.
- Demonstrated skills and innovation in a competitive environment with 200+ participants.

Code Charades 2.0 Certificate: <https://www.shivamjaiswal.in/certificates/gfg-code-charades.jpeg>

- Secured 1st place in Code Charades 2.0 by GFG SRMCEM.
- Created an Apple India website replica in 2 hours, showcasing speed and front-end expertise.

LeetCode

- Achieved a contest rating of 1650+ with 500+ problems solved on LeetCode, secured Rank 1322 in Biweekly Contest 143.
